In addition, this fall, we will hold training session via webinar with an option for in person participation at several of locations for the following positions:

**Service Unit Treasurer**  
**Service Unit Recognitions Coordinator**

**Service Unit Events Planner**  
**Service Unit Communicator**

The decision to hold these trainings at a later time will give service teams additional time to fill these positions. In many service units, these positions may be an addition position held by the service unit manager, membership organizer, or membership consultant. Sometimes two of these positions are filled by one service team volunteer.

By holding these as webinars, volunteer will have the opportunity to receive the training for these positions without having to choose which training to attend. Volunteers will also be able to participate in training from home using their computer internet connection for viewing the presentation and phone line for questions and discussions.

Additional information that includes dates and registration codes for these four position trainings will be available in late August.
