

Fall 2011

# GIRL SCOUT COOKIE PROGRAM TRAINING

## GIRL SCOUTS OF GREATER CHICAGO AND NORTHWEST INDIANA

This fall the Girl Scouts of Greater Chicago and Northwest Indiana is offering training for service unit cookie managers.

This year we are taking a blended learning approach to our service unit cookie manager training.

*Part One* is made up of four online modules consisting of several fun, short videos presented by Little Brownie Baker staff. You can complete this in multiple settings or all at once. It will take about 45 minutes in total. Once you receive your password you can view this training at your convenience on the Little Brownie Website at <http://vipetraining.littlebrownie.com>. Print out and bring your completion certificates to your training session. You will receive a fabulous prize!

*Part Two* offers the option of six face to face training sessions, two in each region, as well as two webinars. These will be held in mid-October. A list of dates, times, locations, and course codes can be found below. Register online at [www.girlscoutsgcnwi.org/registernow](http://www.girlscoutsgcnwi.org/registernow) or use the training registration form at the end of this flyer and mail, fax or walk it in to any council gathering place.

*Registration deadlines are 5 days prior to the day of the training in order to have your customized service unit materials available for you at your training location or prior to your training webinar.*

*\*Please note: The last 30 minutes of each face to face session and webinar will be a tutorial of the eBudde™ ordering system. This is required for new service unit cookie managers and optional for experienced service unit cookie managers.*

Wednesday, October 12, 2011
