Girl Scouts of Greater Chicago and Northwest Indiana

Family Newsletter

It's never too early for a girl to learn to set goals, make decisions, strengthen her math skills, and interact with people. In fact, Girl Scouts gives girls one of their first opportunities to essentially own their own business at the age of 5! How can she do all this? By participating in the Girl Scout Cookie Program!

Our annual cookie program takes place January 1 through March 26, 2018. All varieties of cookies will sell for $5 per package during GSGCNWI's 2018 Girl Scout Cookie program. This year's theme . . .

<p style="text-align:center">"Altogether Awesome"</p>

focuses on how every girl can use the 5 Skills she learns in the cookie program to make an impact on the world around her.

The 5 Skills: Goal Setting   Decision Making   Money Management   People Skills   Business Ethics

By participating in the cookie program, she also helps her troop earn funds to pay for troop activities, events, programs and troop expenses. Our cookie vendor and partner is **Little Brownie Bakers**. Here are some of the fun ways your Girl Scout can participate in this great program:

Door to Door:	Take cookie orders using the cookie order card
By Phone:	Call customers personally
Social Media:	Text, email and post messages on social networking sites
Cookie Club™:	Send email requests to customers to make a "promise" to place an order using the Cookie Club electronic form
Cookie Booth:	Sign up for a neighborhood cookie booth or participate in a Loop Site
Gift of Caring:	Promote the Gift of Caring program as an option for customers
Parent Workplace:	Girls make a presentation, write a letter or design a flier

Gift of Caring Program: Girls can ask customers to support our military and community organizations by making a donation which will provide comfort to military personnel and community organizations. Girl Scout troops will receive proceeds on all donations and girls can earn a patch and credit toward rewards on all Gift of Caring donations. For more info: girlscoutsgcnwi.org/giftofcaring.

Every registered Girl Scout should participate in the 2018 Cookie Program.
It's easy, fun and your Girl Scout will enjoy and learn from all the activities designed just for her.
