Dear Campers and Families,

Happy 2022! We can't wait to meet everyone back outside for another exciting summer at Girl Scout camp.

Last summer, we celebrated welcoming back campers after a pause in 2020. Camps came to life with the sounds of Girl Scouts trying new adventures, learning new skills, and building stronger relationships. It was also bittersweet, with many campers unable to join us due to challenges brought about by the pandemic. We hope to welcome them back to camp in the future.

If the last two years have taught us anything, it is that change is constant. As the world changes, our camps change too. 2021 saw many changes in how campers participated in summer camp. We anticipate some of these changes continuing to ensure the safety of our campers, including masking, modified group sizes, and cleaning protocols. We are changing how we recruit and retain our camp staff, who make the camp season possible and make a difference for all of our campers. We continue to change and renovate our camp properties many campers consider a second home.

Despite these changes, Girl Scout camp remains a place for girls to grow confident and courageous, while taking a break from the stress of day-to-day life. So without further ado, it is with great pleasure that we share our Summer Camp 2022 brochure with you. We truly hope to see you at camp this summer!

Why is Girl Scout Camp the Place for Me?

For more than 100 years, Girl Scouts have written their own stories of friendship, adventure, and leadership at Girl Scout camp. This happens in a community where each camp attendee is welcomed into a group of campers who together can:

- Discover their ability to better solve problems and overcome challenges.
- Develop leadership skills, build social bonds, and become team players.
- Increase their level of overall happiness and gratitude.
- Care for the environment and others through learning and action.

Days playing in the sun (and rain!) and nights singing around a campfire build memories, skills, and friendships that campers will carry with them all year-round.

Whether they attend Girl Scout camp for a day, a week, or longer, campers are given first-rate opportunities to learn and explore, expand their horizons, and have unforgettable fun with friends old and new. All of our campers' experiences will be under the guidance of caring, trained adults committed to helping them unleash their remarkable leadership potential.

Summer and Year-Round Camp Opportunities

Our camp experiences are packed with friendships, adventure, life skills, and tons of stories! There are so many fun ways to camp. Find the best fit for your camper or family below!

Girl Scout summer camp is open to ALL campers entering grades 1-12, regardless of race, color, nationality, or socioeconomic factors.

Pick the adventure that is right for you!

TROOP, GROUP, AND FAMILY CAMP

Camps are open year-round! In-person programs are offered every season and at different locations.

These options offer troops and families an opportunity to join in on the fun of the outdoors.

Check out all year-round camping and program options at girlscoutsgcnwi.org/camp

SUMMER DAY CAMP

This is a daytime camp experience that runs 9 a.m. to 3 p.m. CST, Monday through Friday. Extended evening programming takes place Thursdays and is open to campers entering grades 4 and up.

Check out all day camp programs on **pages 15-34**.

SUMMER RESIDENT CAMP

This is an overnight camp experience ranging from a three-day sampler to multiple-week programs.

Most campers stay for a week at a time, from Sunday afternoon to Friday evening.

Summer Camp: Making New Friends, and Keeping the Old

ATTEND AS AN INDIVIDUAL!

Camp is a great place to make new friends. We intentionally design our programs and activities to assist participants in meeting and getting to know other campers.

GO AS A BUDDY PAIR!

Individuals can attend camp with a buddy from their troop or a friend who is not yet a Girl Scout. When requesting a buddy please remember:

- Registrants may request ONE buddy when registering for camp.
- Both campers must request each other (reciprocal requests).
- Both campers must be registered for the same program, during the same week/session.
- Groups, troops, and multiple buddy requests are not guaranteed for summer camp programs.

Photos used in this brochure are pulled from multiple years.

Taking Your Group Outside

Looking to take your troop or group to explore the outdoors? We offer a multitude of options for outdoor-beginners and experts alike to experience camp the way YOU want to!

Find more information about the following outdoor opportunities at girlscoutsgcnwi.org/camp

OUTDOOR TRAININGS

In order to ensure a safe and enjoyable experience for everyone involved, we require outdoor training for adults. These trainings build on previously gained volunteer training, with a focus on outdoor skills and participant-led outdoor adventures.

For information about available trainings, visit the Girl Scouts Volunteer Tool Kit (VTK): Camp Trained Adult Section at girlscoutsgcnwi.org/vtk

TROOP CAMPING & PROPERTY RENTALS

What could be more fun than camping with your troop? Girl Scouts can enjoy outdoor getaways at one of our many camp properties located in the Chicagoland area. Unlike other events listed in this brochure, you are completely in charge of your outdoor experience! Explore camp, pack your day with activities, or just kick back and enjoy quality time with your group.

CUSTOM OUTDOOR PROGRAMS

If your troop is looking for a facilitated outdoor program on a specific topic, a custom program is for you! This is a great first step for a troop taking steps toward doing outdoor activities, advancing their knowledge on a badge or skill, or for those looking to coordinate an experience for a larger group, such as a service unit.

TROOP, GROUP, & FAMILY PROGRAMS

Camps are open year-round and in-person programs are offered every season, at different locations. These options offer troops and families opportunities to join in the outdoor fun.

Programs are age-group specific, with activities and skills focused on that age range. This way, everyone gets an excellent experience that is catered to them.

Many programs are designed as troop experiences for both participants and their adult chaperones. When adults attend with their camper, the participant will take huge strides in building their courage and confidence with support.

Volunteer-Led Day Camps

Were you hoping for more day camp opportunities? Look no further, because Girl Scouts GCNWI is lucky to host a handful of volunteer-led day camps throughout the Chicagoland area. Hard working, enthusiastic, and dedicated volunteers work together to plan, prepare, and run week-long day camp programs for individuals in their service units. These programs often have a theme and are located at your state or local park, forest preserve, community center, or even one of our Girl Scout camp properties.

If you choose to attend one of these volunteer-led day camp programs, you will have the opportunity to expand your friendship circle, explore new experiences, uncover new skills, and develop lifelong memories. If you are a high school Girl Scout, there may even be some leadership opportunities in store for you!

Below is a small sampling of the volunteer-led day camps offered within our council. If you are interested in attending one of these programs, be sure to reach out to the contact listed below. Registration for each volunteer-led day camp is handled separately using either the Girl Scouts GCNWI registration platform, a different online registration system, or an alternate method. Don't see a volunteer-led day camp offered in your area? Touch base with your service unit manager to ask about opportunities for you. We can't wait to see you outdoors this summer!

Program Icon Key

TRIP PROGRAM: This program will take an off-site trip

HIGH ADVENTURE PROGRAM: This program contains an extreme outdoor activity such as backpacking, rock climbing, caving, and more!

RESIDENT CAMP BACKCOUNTRY TRIPS

Do you love the thought of pitching your tent every night or maybe even sleeping out under the stars? Are you prepared to take an active role in organizing trip details, carry or paddle all personal and group gear, and problem solve on the trail? Backcountry trips provide a great opportunity to practice leadership at each level!

Backcountry trips are intensive, next-level, primitive camping. It's a great opportunity to take a short trip "off the grid" and learn skills such as working with a group while out in the wilderness. You will practice cooking meals over a fire, purifying water, navigation, and following the Leave No Trace principles as you explore the great outdoors. Master the basics in Backcountry Level 1 & 2 programs and then advance to another skill level each summer.

Our resident camp locations run backcountry programs level 1-4. Go to girlscoutsgcnwi.org/camp to learn more about each level including trip length, prerequisites for each trip, and what programs are being offered this summer.

Council-Run Summer Camps

Important Information

Read and reference the following important information regarding Girl Scouts GCNWI council-run summer camps before and after registration.

Before Registering for Summer Camp

GIRL SCOUT MEMBERSHIP

Girl Scout membership is required to participate in camp. If your camper is not currently registered, a \$25 membership fee will be automatically charged when registering for camp. This fee includes basic accident insurance coverage for all registered Girl Scouts as a supplement to existing insurance coverage. For more information about becoming a Girl Scout visit girlscoutsgcnwi.org/join

REGISTERING FOR AN AGE-APPROPRIATE PROGRAM

For programs that occur prior to June 1, 2022, register your camper for the grade/age group they are currently in. For programs that occur on or after June 1, 2022, register your camper for the grade they will be entering in fall 2022.

ACCESSIBILITY & ACCOMMODATIONS

It is our goal to provide a positive experience for all individuals who attend our camp programs. Help ensure your camper's success by contacting us prior to registration regarding any pertinent information regarding your camper and their experience—including disabilities and health concerns. This allows us the opportunity to discuss and determine appropriate accommodations and adequate support so that they can be successful while at camp. Camp staff can also help guide you toward the best programs and locations for your camper.

Special dietary needs can be accommodated with advance notice. Be sure to include camper dietary restrictions in your camper's required CampDoc paperwork and contact the Camp Director with any questions or concerns.

REGISTRATION AND PAYMENT

Register online at girlscoutsgcnwi.org/camp

Troop, group, and family camp programs are open now for registration. Summer day and resident camp registration opens March 1, 2022 at 6 a.m. CST.

DAY CAMP

Program cost includes a non-refundable deposit of \$25 at time of registration. Day camp registration fees cover a wide variety of weekly camp activities including a one-day lunch or dinner cookout and supervision from trained and caring adult staff. Transportation by chartered bus or additional before and after camp care can be added on for an additional fee.

RESIDENT CAMP

Program cost includes a non-refundable deposit of \$50 for three-to-six-day programs and \$100 for programs longer than six days at time of registration. Resident camp registration fees cover a wide variety of camp activities, lodging, meals, and supervision from trained and caring adult staff.

Full payment for summer camp is due by June 1, 2022. If fees are unpaid on June 1, the remaining balance will be automatically charged to the card on file.

FINANCIAL ASSISTANCE

Girl Scouts GCNWI makes funds available for participants whose caregivers could otherwise not afford the cost of camp. Any registrant who is a registered Girl Scout is eligible to receive confidential financial assistance for one session of any day or resident camp program. Assistance is distributed based on available funds.

HOW TO RECEIVE FINANCIAL AID:

1. Register for summer camp and make the initial payment in the form of a deposit. Camp registration must be completed prior to applying for financial aid.
2. Complete the Girl Scout Financial Assistance Application which is available at girlscoutsgcnwi.org/financial-assistance#camp
3. Approved financial assistance will be deducted from the total owed for the summer camp program.

USING GIRL SCOUT COOKIE DOUGH®

Individuals can pay for part of their camp registration with the rewards they earn through the Girl Scout Cookie Program as well as the Fall Product Program. If you would like to use your earned finances to pay for part, or all, of your summer camp registration, please contact our program registrar at reghelp_events@girlscoutsgcnwi.org. Because camp space is limited, we highly recommend not waiting for Cookie Dough to register for a camp program. When registering, we encourage you to just pay the deposit instead of paying in full to more easily apply Cookie Dough funds.

BROCHURE PHOTOS

Photos that appear in this document have been pulled from numerous years of summer camp programming and may or may not include relevant personal protective equipment as recommended by the CDC due to the time in which they were taken. Masks may also have been removed due to the nature of the activity including, but not limited to, eating, water activities, archery, etc.

After Registering for Summer Camp

PROGRAM CONFIRMATIONS

Upon successful registration, you will receive a confirmation email which will include a link to an additional important information packet and next steps. This email will come from Girl Scouts GCNWI Registrations & Reservations girlscoutsgcnwi@active.com. Please make sure to add this email to your safe senders list. If you do not see a confirmation email within 24 hours of registering, check your spam and junk folders before contacting us at customercare@girlscoutsgcnwi.org.

WAITLIST

If a program is full, join the waitlist by locating the program in the registration system and selecting "Join Waitlist." You will be contacted if a space becomes available, but it is not a guarantee of entry. We recommend registering for a different program in the meantime to ensure that you don't miss out on the camp fun. We can transfer your camper if a spot opens up in your waitlisted program.

CAMPER PAPERWORK

In order to establish the best experience possible for all campers, we require additional health and personal information be submitted after registration for day and resident campers. Filling out this required paperwork in detail will help us to make the camp experience a success! Within 14 days of registering for camp, you will receive an email from campdoc.com with a link to your camper's electronic paperwork. Please make sure to add this email to your safe senders list. *Campers must have completed paperwork to attend camp.*

Summer camp paperwork must be completed

by May 1, 2022. If edits need to be made to camper paperwork after May 1, contact the Camp Director.

Every camper must have a health history on file to participate in summer camp. This is a mandatory part of your online camper paperwork.

Please note:

- Any medications to be taken while at camp must be approved on the "Over-the-Counter Medications" list or noted with details in the "Medications & Allergies" section.

At Summer Camp

HEALTH CARE

Each camp has a health supervisor who will contact caregivers as needed, in addition to monitoring and administering first aid and routine health care.

CAMP STAFF

Girl Scouts GCNWI camp staff are responsible, enthusiastic adults who are hired based on their interest and experience in working with youth in an outdoor setting. All staff (female, male, international, and domestic) complete an interview process, pass a background check, and attend 5-10 days of on-site camp training prior to camper arrival. They are certified in CPR & First Aid and trained in outdoor skills, camp programming, and how to facilitate an exceptional camper experience.

WEATHER

Programs are held rain or shine! If the weather is unusually hot or cold, activities are adjusted to keep campers safe. Weather alert radios are monitored and there are designated storm shelters for each camp in cases of severe weather. Help your camper have a successful time at camp by checking and preparing for the weather prior to arrival.

PROGRAM SCHEDULE

Girl Scouts GCNWI prides itself on camper-led programming. Due to this, no two weeks or programs are exactly the same!

All information in this brochure is correct as of December 15, 2021. Information and program availability may be subject to change.

Safety at Camp

The health and safety of all our campers, staff, volunteers, and visitors has been, and will continue to be, one of our top priorities at Girl Scouts GCNWI camps. We recognize that the past couple of years have included a number of changing guidelines, processes, and procedures regarding health and safety practices both at our camps and in our communities. We appreciate your support and patience as we have adapted to these changes.

Though 2021 brought on its own challenges, we were able to successfully complete an entire summer camp season safely. Thousands of campers were able to learn more about themselves, interact in person with other campers and staff, and enjoy the outdoors while practicing COVID-19 safety precautions.

Girl Scouts GCNWI is committed to providing a safe place to continue to get members and their families back to our camps, programs, and properties so that we can continue to see the growth and development our programs foster. Below, you can find some information about the steps that we are taking to create safe and healthy camps.

Please note that this information is subject to change and may be adapted many times before, and potentially throughout, the summer. For the most up-to-date health and safety practices and procedures check our website at girlscoutsgcnwi.org/camp.

THE BASICS

Our camps follow standards set forth by the Girl Scouts of the USA and the American Camp Association. They are licensed by the state, and uphold state and federal codes for health, safety, site food service management, human resources, and program activities.

CAMP AND COVID-19

Practices and procedures around COVID-19 are constantly changing. All camps and in-person programs follow guidelines and recommendations put forth by the Centers for Disease Control (CDC), federal, state, and local authorities. Physical distancing, mask wearing, increased use of outdoor areas, symptom pre-screening, and increased cleaning and sanitation are all examples of precautionary steps that Girl Scouts GCNWI camps have and will continue to take to ensure the health and safety of those who enter our properties and attend our programs. These health and safety procedures are subject to change. For the most updated health and safety practices and protocols visit our website at girlscoutsgcnwi.org/covid.

EMERGENCY ACTION PLANS

Each camp has established detailed emergency procedures that include coordination with local law enforcement and emergency services when appropriate to ensure the safety of all in emergency situations.

CAMPER SUPERVISION AND CARE

Our camps hire and train responsible and passionate adults to supervise and care for campers while they attend camp programs. These staff are trained in First Aid and CPR in addition to training associated with camper programming, supervision, and care. Our camps also welcome volunteers at select locations and programs. Hired staff and volunteers are background checked and vetted before arrival on-site.

Camper supervision and care are important elements of a successful camp program. Openings in summer camp programs are dependent on the number of staff and volunteers recruited for the summer camp season. Program capacities may increase based on staffing availability but cannot be guaranteed. Campers on waitlists will be contacted if program capacities increase.

For questions about safety at camp please email customercare@girlscoutsgcnwi.org, Subject Line: Attn: Summer Camp Health and Safety.
