

Girl Scout's Own Award

DR. KAREN ENG

President and CEO of CSMI

Dr. Karen Eng, President and CEO of CSMI, a privately held engineering firm specializing in the FDA & USDA regulated industries. Karen has over 27 years of experience in the professional services/engineering industry and providing outstanding technical, financial, and operational service to align teams to successfully strategize and execute manufacturing solutions. As a CEO, she has a proven track record of developing successful global growth strategies that enable organizations to scale, innovate and expand market share.

Karen's career demonstrates her flexibility to work with small growing organizations to medium privately-owned companies to Fortune 100 corporations. Her close work with the Food Drug Administration, U.S. Department of Commerce, Minority Business Development Agency, the International Trade Administration, and the Export-Import Bank of the United States and has led CSMI to be one of the top engineering consulting service firms in both domestic and foreign markets.

Karen is a member of several prominent Boards, including National Asian/Pacific Islander American Chamber of Commerce & Entrepreneurship (ACE) for which she serves as the current Foundation Board Chair. She is also the Board Chair for APAlVote based out of Washington DC. She previously chaired the Board of Trustees for Illinois College of Optometry and is a Trustee for the New England College of Optometry. She has an advisory role for Chinese Mutual Aid Association and is a member of the Committee of 100.

She received her Bachelor of Science degree in both Biochemistry & Biology from the University of California, San Diego and her Doctorate of Optometry from the New England College of Optometry.
