

“Resilient. Ready. Strong.” Grounded in optimism, yet often fueled by adversity, these three powerful words speak volumes about the inner fortitude it takes to navigate a world of everyday challenges and difficult decisions.

Life is rarely easy. Failure can overshadow success. Self-doubt, inequities, and biases influence our view of reality. Girls, especially, need a place where they can build the skills to overcome those doubts and see a world of opportunity. As Girl Scouts, girls learn to find their purpose, passion, and perspective by accentuating the positive qualities they already have and practicing the vital skills of decision-making, risk-taking, and leadership that build resiliency over time.

This year’s Tribute to Achievement Dinner brings the Girl Scout Mission to life. Join us as we celebrate community and corporate leaders who champion girls and women, and who act with vision and intention to make our world a better place.
