

Girl Scout 2023 Convention Trip

Presented by: Troop 70694

A Message From the Troop Leaders

Phenom at the Walt Disney Resort was an amazing experience for the girls from Troop 70694. We met members of our council on the night of arrival. Throughout the week we met girl scout officials and troops and leaders from around the country. We made and traded swaps. Learned about other travel opportunities and enjoyed the hall of experiences. On the bus one evening on the way home from the park we met Girl Scout Delegates from the GCNWI council who inspired our troop to apply for the position for the next conference.

Girl Scout 2023 Convention

Girl Scout 2023 Convention – Phenom

Phenom~ Talented, determined, and admired by those around her.

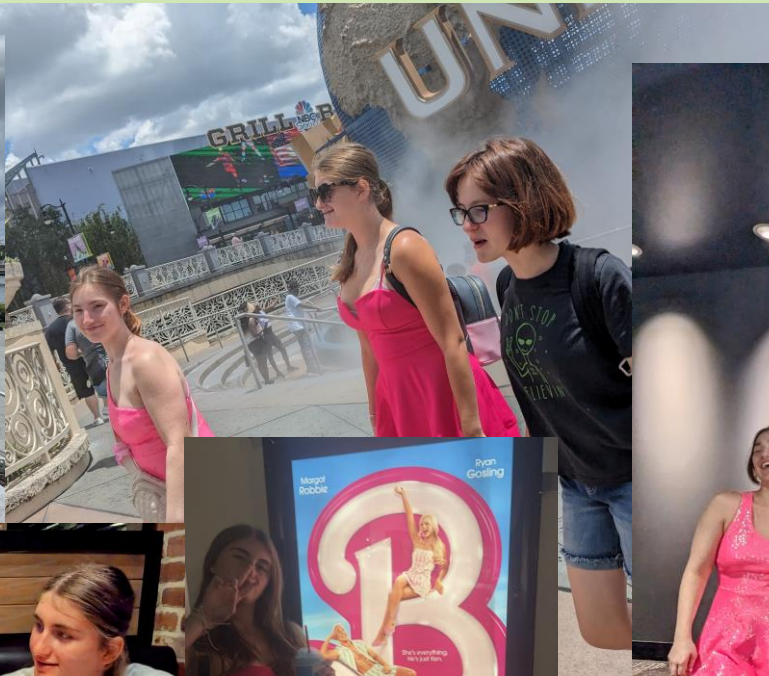

We got to hear many talks from women who can only be described as phenoms. On the opening night, we got to see many Broadway Disney stars who were girl scout alumni, such as the first Belle, who also voice acted for Meg in “Hercules.” We also got to see people from the cast of “The Lion King” and “Aladdin.” When we went to the Disney education day, we got to listen to many interesting perspectives from a diverse group of former Girl Scouts. Two of our cadettes participated in the national bridging ceremony. Phenom was a very beneficial experience.
